mario vs king troll

i had a feeling luigi was gonna slip up when the tune came to kill you
t will kill you. i will make sure your dead
line ill tell why i hate trolls this goe s pretty far back in my past
ufter that we didn't see howser until we was older. so in the time where there was peace me and luigi decided to find our birth parents
so we traveled through the land seeking to find our parents
and we found them and there house
ummm should i knock on the door? im kind of afraid to
do it
kario there's these kids at the door
maybe we are at the wrong house
get back in the house you bitch ill be back before i hit you in the eye again
what do you little faggot's want? i dont have candy
nasca

your our parent's your our dad we have been looking for you guys
you kid's can't be my son's? i told that stupid bird to drop them baby's in the middle of no where so they would die
i also dropped your brother's weno and walked at the park seruple months ago
we wont see them again lol hey give me a sec im gonna do a line real quick
does that mean you two dont care for us or love us?
oh my god you kid's actually we would love you ahhaha hahaha ha i dont even love your mom
HAHAH AHAHA AHAHA HAHAH AHAHA HAHAA HAHAH AHHAA
but..... but your our parent's your supose to love us
omg he's crying haiish kid i wouldn't have children if it protected sex wasn't awesome. and i wouldn't need to keep slurping off not needed kids
trolls be trollin
come back next year or something
yeah i would like to talk but cop is about to come on
luigi stay out here ill be right back
i dont understand?

they dont even have a door on there back door
I need to find something that can real some real damage to someone
oh there we go
bitch hurry up with my food dammit if you take any longer im gonna kit you.. and i need you to go back out there and break some more
nascar
shut up asshole im working as fast as i can..
im hope this hurts
what?

bitch you better not be burning my food
what the fuck? oh shit
your fucking crazy kid
dont fucking try it!!!
AHHHHH!!!
SHUT THE FUCK UP!!!!
what do you want from me kid? you want a fucking hug?
hahah trolls be trollin
why the hell do you keep on saying that shit? what the fuck does that mean?

TELL ME!!!!!
come from a group that is called the trolls the saying trolls be truthin is from there
so i burned down the house with my parents in it.
this doesn't feel right
many years later after the battle's with
but then i saw shadow kill them trolls
that's when me and luigi seeked out different people for shadow's group which trully started from me and me and luigi did the plan flawlessly to

the only flaw in your plan was me
luigi only helped me with this because he knew this was personal to me
AHHHH HHHH HHHH HHHH!!!!
you killed one of the only people that i ever cared about !!!!
get use to it
fuck!!
I WILL FUCKING KILL YOU!!!!
here i go
it doesn't matter what suit you use mario

they didn't tell me about this one?
what the hell im being lifted in the air?
pick a better suit
fuck you
AAAA

time to die!!
come on mario
alright fucker here it comes now right all over your face
you got nothing that hurt me
we will see about that
take this

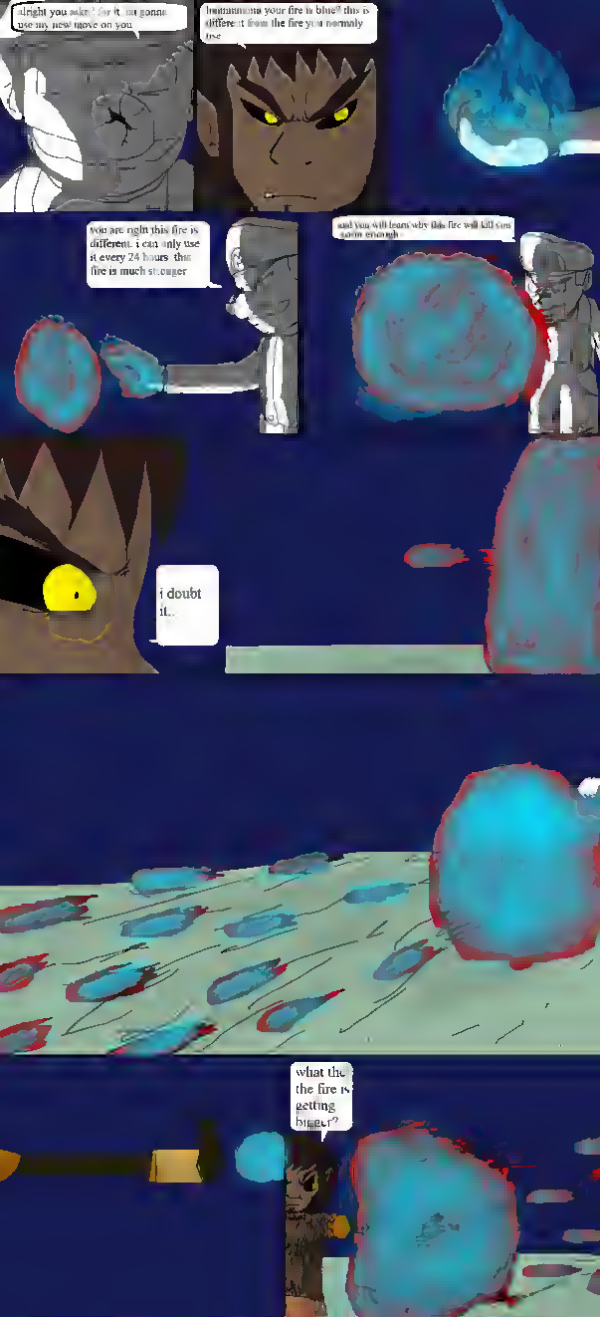
I keep my word and I will kill you like I said
killing me? thats impossible for anyone
you're different from the rest
i knew it
use a better move retard
hahahahah

the good thing about this new arm of mine. is that i can do this
dammit. i got to get up fast

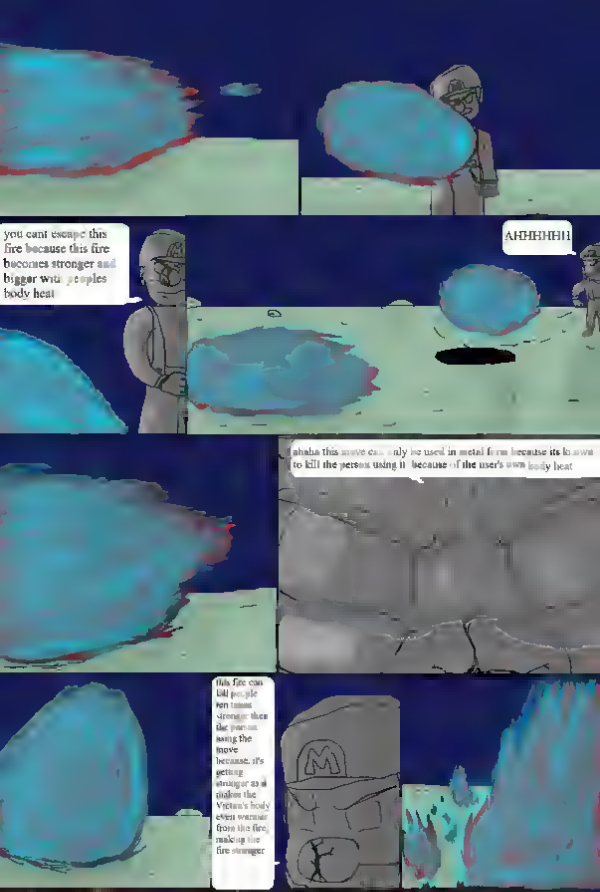
shit
hahahaha this is over he can't live from that
sigh..... ah you can't kill me with my brother's power
ahhh I see now you was able to take the damage that fire had to give
you have no right using any of luigi's moves after what you did to him... i will make you pay if it's the last thing i do god damnit
that wont work mario my fist are harder then metal

im done with this shit. FUCK YOU troll !!
BRING it ON!!!!!
shit even in metal that hurts like fuck
i'm unqualified to lose now not after all this. i will use every bone in my body to make sure you die!!!
AHHHH!!!
when will you realize there's no point in trying

he's a little stronger then sonic was but he's not nearly as fast but he can take alot more pain then sonic could as well

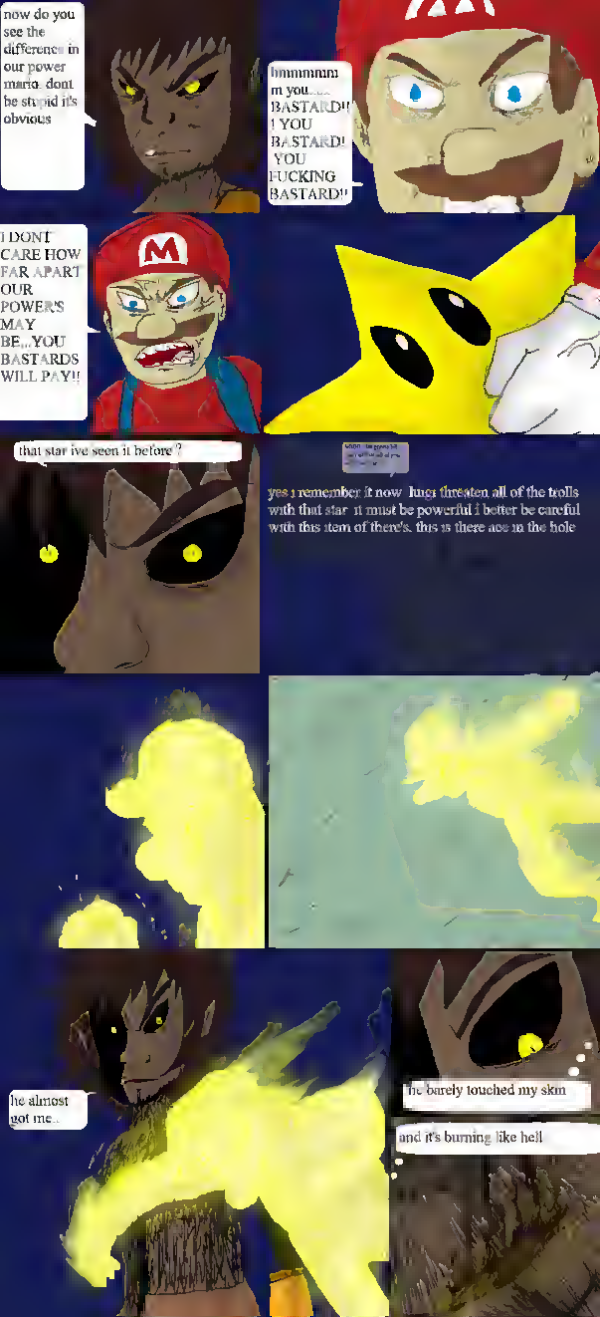


alright you asked for it, im gonna use my new move on you
hmmmmmm your fire is blue? this is different from the fire you normaly use
you are right this fire is different. i can only use it every 24 hours. this fire is much stronger
and you will learn why this fire will kill you. with strength
i doubt it..
what the the fire is getting bigger?



you cant escape this fire because this fire becomes stronger and bigger with peoples body heat
AHHHHHH
ahaha this move can only be used in metal form because its known to kill the person using it because of the user's own body heat
this fire can kill people even tanos stronger than luc put on using the move because, it's getting strong or as it makes the Victim's body even warmer from the fire, making the fire stronger
hahahah i shittal really be thanking your brother luigi if it wasn't for him knocking my arm off i wouldn't of had this arm. this robot arm is fire resistance and cools it self down when under alot of heat and the best part about this arm is that it absorbs fire damage protecting me from all the fires damage and effects so your plan to kill me with luigi actually turned out to help me vs you mario HAHAHAHAHAHAHAHAH!!!!!!

damnit my metal form is out of time
is that all you got?



now do you see the difference in our power mario. dont be stupid it's obvious
hmmmmm m you..... BASTARD!! I YOU BASTARD! YOU FUCKING BASTARD!!
I DONT CARE HOW FAR APART OUR POWER'S MAY BE...YOU BASTARDS WILL PAY!!
that star ive seen it before ?
yes i remember it now lugi threaten all of the trolls with that star it must be powerful i better be careful with this item of there's. this is there ace in the hole
he almost got me..
he barely touched my skin
and it's burning like hell

i can't let him touch me in this state he's in. he could kill me if he would hit me with a clear shot
here we go!!
damn he's fast in this form. i wont be able to out run him
think,... hmmmmm ? i might be able to slow him down or at least keep him off if i use my robot arm as a defence
huh? ahh i see now your star form is powerful but it has a time limit which is very short hahahah
crap... well no matter i still have something left that will hurt you

he has more? I mean he has to be the cruelest person in the fourth
AHAH AHAA H!!!
damn if he uses that star im dead, i have no choice but to use one of the ten deadly words
Ni**ER
AHHHH!!!
AHHHHHH!!
AHHHHH!
AHHHHHHHHHH!! MY EYES

what is this ahhhh!!
the words of death is like your slur in reys's each words effect has a time limit of it's own
each word shut's down a part of the person. eye's. ear's. in itugi's case i shut down his brain long enough for him to be fucked to death each word has a different effect. you should be lucky really i used one of the weaker words on you mario
ahhhh!!!
im going to beat the fuck out of you!!!
AHHHHHHHHHHHHHHH!!!!
hahahahahah!!!!
im going to enjoy this more then i should

ve just had enough of all mario's tricks
yoshi ... arry and get me out of here
YOSHI!!!!!!
hahaha ay (I thought) you might have a chest plate to block my move but your pet doesn't
stay your hand, last comic ever!!!
stay out of my way yoshi AHHHHHHHHHH!!!!
damn! leave
my just getting him out of my way so i can kill you
